WILLIAM WESSELINK, CHIROPRACTIC ORTHOPEDIST

Chiropractic has helped millions of people worldwide suffering from all types of problems and not just back and neck ailments. Chiropractic works with the spinal column and it's intimate relationship with the nervous system - the major controller of all bodily functions. By optimizing spinal column structure and biomechanics, irritation and stress are removed and health can once again be achieved.

Located in an existing suite this practice occupied 1482 square feet and included a reception area, waiting room, a private office, an accessible toilet room, storage, X-Ray, Dark room, an open treatment area, and a rehabilitation room.
