

PRECISION

Precision Personal Training (PPT) North Campbell location is the first and original location for this local personal training center that strives to cater to the client. Located on Campbell Avenue in an established strip center designed by Tyson Murphy architects, the suite was designed with an exposed mechanical system, reconfigured exposed lighting and a signature black vinyl scrim at the ceiling. To complement an existing toilet room and open physical training area an office and accessible shower were added to the suite. A reverse osmosis and filtered water station was also added for clients use.

PERSONAL

The transformation of this suite set PPT's branded image and has been implemented in their second location on Grant Road in Tucson.
