

PRECISION

Precision Personal Training (PPT) East Grant location is the second and newest location for this personal training center that strives to cater to the client. Located on Grant Road PPT moved into a previously open suite with a grid & light ceiling system. Offices and an ADA shower room were added, as well as a spacious training area which houses the exercise & training equipment. New mechanical equipment was installed, as well as exposed ducts and black vinyl scrim with exposed light fixtures. This transformation mimics the first and original PPT location which lives true to the branded image for the company.
