

SPA ONE

Located at Campbell Avenue and Skyline Road is Tucson's flagship Spa One location where a gamut of personal services are offered including massage, facial, manicure and pedicures. This tenant build-out utilized the finest of finishes including ceramic tile, natural stone and natural wood finishes. Tall ceilings and playful lines make the grand waiting area and product samples space come alive.

Over 4000 Square Feet this project includes eight multipurpose / massage rooms, storage rooms, employee break room, ADA toilet rooms, and staff toilet rooms. The pedicure/manicure nail space has been separated mechanically and with a sweeping glass partition to prevent unwanted smells from entering adjacent spaces but remain visually connected to the main room which consists of reception, waiting and sample space.

Interior finish selection by Lori Carrol.
